## Comments

I have noticed a massive drop in the progress of children when 2019 and 2020 are compared. The drop was so severe that the school is now below national standards. Why did this happen?

Very good school

I'm not sure if my child has been challenged enough at this school. I think he has missed out with a huge amount of sports and other activities that are offered at other primary schools in Wandsworth. In a way I feel I've let him down and if it wasn't for the great teachers I would have moved him if I could in the earlier years. Hopefully his secondary school will make up for what he's missed out on.

It is hard to tell if the standard of teaching/homework meets guideline or requirements for my child given his age and stage of learning. I would very much so like to know this, and especially whether the school meets or is above expected standards but this information has not been easy for me to access. It would be helpful for this school to declare this so that I can make this judgement.

We are very happy with the school!

I think overall there are lots of positives for West Hill School. I think at times there is ongoing squabbling with children and at times it is not dealt with effectively.

In addition there is no after school care and there has been an ongoing problem with this on & off over the years.

Those with no family members are left with very little option but to remain on low income or unemployment, this is why I would not recommend to any working family or family that lacks support from their wider family.

Very good friendly and nice school

The school and the staffs are very good.

My child loves her school

Janice in office is amazingly helpful. Thank you to her for solving multiple issues.

Look forward to have more option for after school clubs for kids.

When my child had injury at school I was not told on 3 occasions. I found out when she got home and saw the dressing. My child has been pushed over and informed teachers and I was not told. Another child is behaving rudely towards my child and it's not been addressed. Teachers are semi aware of it but, parents are not updated. Seems less vocal you are, they wait to see if it will go away.

I like the school

Good take care
