Nurturing Principles

We believe in ourselves.

We all learn in our own way and in our own way.

We use our own words to talk about how we are feeling.

We can cope with the changes in our lives.

Our feelings can show how we are feeling.

Our school is a safe place to be.

English

Year 5 will continue to read the play script - Twelfth Night by Shakespeare. They will be looking at the key features of writing dialogue and co-construct their own toolkit.

Children will be using the toolkit to add in dialogue features to a different piece of narrative – embellish dialogue with actions, appropriate speech words and correct punctuation.

Art / DT

Every picture tells a story

Children will be exploring the meaning behind art – analyse the work of different artists, making symmetry prints inspired by Rorschach, telling a story using emojis.

Music

Celebration

Children will listen with attention to detail and recall sounds with increasing aural memory. They will learn to sing songs and perform body percussion accompaniments to songs with awareness of audience.

Physical Education

Tuesdays and Fridays are PE days. Year 5 will be working with Shaun from Kick London every Tuesday.

French

In the Unit – Time Travelling, Year 5 will learn to match the subject and verb. They will be able to construct a past tense sentence.

YEAR 5

Geography

What is Brazil Like?

To understand Brazil we will need to look at the geography of the continent of South America. We will investigate the flora and fauna of Brazil and think about why towns have developed where they have. We will look at the climate. We will compare life in Brazil to life in London.

Please refer to the knowledge organiser to learn more about this topic.

Computing

Year 5 will use a few differing applications and programs in the final term such as Swift Programming and Book Creator and will think about E-Safety and the use of Avatars.

Dates for your diary

Wednesday 15th June- KS1 and KS2 Sports' day

Tuesday 5th July- Transition day

Friday 8th July – Westonbury reloaded

Monday 11th July – Discovery week (D.T. and Science)

Thursday 21st July- Last day of term 2pm finish.

Maths

Year 5 will recognise percentages, decimals and fractions are different ways of expressing proportions.

Children add decimals within one whole. They use place value counters and place value charts to support adding decimals and understand what happens when we exchange between columns.

In Geometry, children will develop their knowledge on shapes and their properties. They will also learn about different angles- right, obtuse and acute.

Science

Year 5 will be revisiting Life Cycles with a focus on animals. Pupils will be able to describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird Year 5 will be able to explain metamorphosis and give examples.

Religious Education

Pilgrimage and World Religions

In R.E, children will learn that different places hold significance to different people. They will consider the relevance of the idea of the 'journey of life' to their own and others expectations.

PSHE & RSE

Living in the Wider World

Children will continue to learn about independence and increased responsibility. They will also learn about the role money plays in their own and others' lives.
